

LED Bluetooth® COLORCHANGING SMART BULB + SPEAKER

Thank you for purchasing our new LED Bluetooth® Color Changing SMART Bulb + Speaker! Embrace the new view from Blue Sky Wireless to enjoy music wirelessly and in style.

SYNC & SETUP DIRECTIONS

Before installing your **LED Bluetooth® SMART Bulb + Speaker** unit, go to our website at www.BlueSkyW.com and go to Apps section. Download the FREE "BSW-BR30" app from your respective app store. The app will let you adjust all of the settings and colors on your new **LED Bluetooth® SMART Bulb + Speaker**. To play music via the Bluetooth feature, please follow the directions below.

- Gently install your **LED Bluetooth® SMART Bulb + Speaker** into your preferred lighting fixture. Note: this item is compatible with recessed lighting.
- Turn your lighting fixture's appropriate electric power ON.
- Open the Settings in your Bluetooth® enabled smart device and make sure Bluetooth is turned ON.
- Locate the device named **BSW Smart Bulb** and select it. Your smart device will confirm a successful wireless connection.
- Control VOLUME and all playback (PLAY/PAUSE, NEXT/PREVIOUS TRACK) on your Bluetooth® enabled smart device.
- Control lighting features with the included free app.
- Enjoy YOUR wireless music using the BSW app or the music app of your choice!.

Please flip card over for the Blue Sky Wireless App How-to!

If you run into any technical difficulties while operating your new bulb, please contact our support team by email or at our Blue Sky Wireless Customer Support line from 9 AM to 5 PM EST. • Support@BlueSkyW.com • 954.866.8048

When you have your bulb installed and powered on, pressing the menu icon in the top left will list all of your light devices (bulbs).

Press the icon in the top left to go back to the main function screen.

Press the magnifying glass icon to search for more devices when you install more in your home.

This is the **MAIN FUNCTION** screen. Here you will find all of the main functions for your Blue Sky Wireless device.

Press to activate the main white light.

Slide on the color dial to choose your desired hue

Slide here to choose brightness.

Tap here to choose a main color.

You can adjust your equalizer settings on this screen.

Current song playing

You can pick your music source from this screen or use the music app of your choice

Warning:

To avoid person injury and/or possible product damage, the following cautions must be followed

- Ensure fixture can support the added weight of lamp/bulb
- Turn off power before inspection, installation, or removal
- Lamp should be only be installed in operating environments ranging between -20 ° C to +40 ° C(-4°F to 104°F)
- Suitable for damp locations- not for use where directly exposed to water
- Not intended for use in emergency light fixtures or exist signs
- Not for use in totally-enclosed recessed fixtures

Federal Communications Commission (FCC) Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by **Blue Sky Wireless, LLC** may void the FCC authorization to operate this device.

Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
